# PRODUCT WARRANTY

## Vedr.: projekt:

Umicore France, acting as manufacturer of the VM ZINC products hereby warrants that those products sold pursuant hereto will, upon shipment by VM ZINC from its facility or warehouse, conform to the requirements of following standards (EN 988, European 1179, Premium Zinc and Umicore France specifications), subjects to usual manufacturing and commercial practices.

In addition, Umicore France warrants that the said Products delivered to the original purchaser is free from any defects in manufacture so that when used for its normal purpose and properly transported, stored, handled or installed according to VM ZINC instructions and recommendations, the Products for a period of 30 (thirty) years after the date of issue of certificate of practical completion of main contract by the architect, at latest 6 month after shipment by VM ZINC, will not perforate due to corrosion resulting from any manufacturing defect.

This warranty shall remain valid and enforceable subject to following conditions:

- The Products will be inspected no later than commencement of installation work
- The roof and wall claddings, including gutters, will be annually inspected and properly maintained
- No surface coating or painting is applied unless in compliance with VM ZINC instructions or recommendations.

VM ZINC must be notified in writing of any breach or alleged breach to this Warranty as soon as practicable and in no event later than 30 days after discovery of the breach or after the breach should have been discovered, within the period of 30 days after certificate of completion by architect or at latest 6 month after shipment of the Products by VM ZINC. Such notice set forth a clear description of the nature and extent of the breach and shall be supported by a report made by a professional surveyor. Failure to provide such notification within this specified time and to meet such conditions shall terminate the liability of VM ZINC

If during the Warranty period, the sold Product proves to have manufacturing defect, with causes corrosion that results in perforation of the Product, VM ZINC, in its sole discretion, shall at its option, choose repair or replacement of the perforated portion of the Product, and other damage or costs of whatsoever nature being excluded. Date of repair or replacement will be at owners convenience.

This Warranty does not cover, and neither VM ZINC nor any manufacturer shall have any liability for, damage or defects resulting from or in any way attributable to:

- (a) improper storage, handling or installation of the Product (including, without limitation, failure of the Product to be installed in strict compliance with the terms and conditions set forth in this Warranty) or improper installation of studs or other accessories;
- (b) neglect, abuse or misuse by the installer or the owner;
- (c) repair or alteration of the roofing works;
- (d) settlement or structural movement and/or movement of materials to which the Products are attached;
- (e) incorrect design of the structural to which the Products is attached;
- (f) acts of God, including, but not limited to, hurricane, tornados, floods, earthquakes or other severe weather or natural phenomena;
- (g) airborne pollutants, such as acid rain;
- (h) efflorescence or performance of paint/coating applied to the Product at any time, or lack thereof;
- (i) any other causes not involving manufacturing defects attributable to VM ZINC. This Warranty does not cover white rust, discoloration of the Product or other cosmetic defects or any other defects in the Product other than a manufacturing defect, which results in corrosion.
- (j) This Warranty is governed by the laws of sales agreement.
