

Soldering fluid PowerSurface

Recommended for all **RHEINZINK®** surfaces:

FELDER “PowerSurface“ is a flux for soldering titanium zinc such as RHEINZINK® Classic and preweathered RHEINZINK® prePATINA - blue-gray and slate gray.
Especially coordinated and recommended for RHEINZINK® GRANUM - skygrey and basalt.

- One soldering fluid for all zinc surfaces
- Solvent and soldering fluid in one product
- The flux spreads in a controlled manner and does not spread beyond the brush stroke
- There are almost no acid components in the flux residues
- Flux fumes were reduced to a minimum compared to competitive products
- Visible reaction of the surface, indicating the right time to start the soldering process
- The high-quality chemical component indium chloride causes an accelerated wetting and provides optimal soldering properties on coated zinc surfaces

Art.-No.	Delivery form	PU	Description
24110949	SIMPLE-brush (refillable)	10 pc	Soldering fluid PowerSurface, 0.1 kg bottle
3624110949	SIMPLE-brush/Set	1 pc	Soldering fluid PowerSurface, 10 x 0.1 kg bottle + 2 SIMPLE-brush brush attachments
24110955	Bottle with brush insert	45 pc	Soldering fluid PowerSurface, 0.25 kg bottle
24110970	Bottle	15 pc	Soldering fluid PowerSurface, 1.0 kg bottle (to refill)

SIMPLE-brush - the optimal technique for soldering fluid application

- economical soldering fluid application
- optimal dosage by turning the brush
- easy and safe application of the soldering fluid
- no sudden leakage or spilling of soldering fluid
- no soldering fluid contamination through dirty brushes

Material	Soldering fluid	Application	Package size	PU
RHEINZINK® pre-PATINA RHEINZINK® Classic	Soldering fluid “ZD - pro”	Flux for soft soldering of RHEINZINK® “bright rolled”, RHEINZINK® “pre-weathered - pro” blue-grey and slate grey	0.1 kg SIMPLE-brush	10 pc
			0.1 kg SIMPLE-brush in a set (10 bottles with childproof closure*) +2 SIMPLE-brush brush attachments	1 pc
RHEINZINK® GRANUM RHEINZINK® pre-PATINA RHEINZINK® Classic	Soldering fluid “PowerSurface”	Flux for soft soldering of all RHEINZINK® surfaces	0.1 kg SIMPLE-brush	10 pc
			0.1 kg SIMPLE-brush in a set (10 bottles with childproof closure*) +2 SIMPLE-brush brush attachments	1 pc
Stainless steel	Soldering fluid “VA-NOX”	Flux for soft soldering of stainless steel roofing sheets	0.1 kg SIMPLE-brush	10 pc
			0.1 kg SIMPLE-brush in a set (10 bottles with childproof closure*) +2 SIMPLE-brush brush attachments	1 pc
All bright rolled metals	Soldering gel “Allround”	Flux for soft soldering of all bright rolled metals in the roofing trade	0.1 kg SIMPLE-brush	10 pc
			0.1 kg SIMPLE-brush in a set (10 bottles with childproof closure*) +2 SIMPLE-brush brush attachments	1 pc
